

Ohme

The Intelligent EV Charger

Our Ohme Wall Charger is the intelligent charge-companion for every electric vehicle. It makes charging as intelligent as the car itself:

- Ohme automatically chooses the cheapest available electricity, to save you money
- Ohme ensures you charge the exact right amount you'll need
- Ohme is simple to control from our lovely app

- Wall-mounted Ohme Charger for fixed installation
- Approved for the OLEV Homecharge grant
- Tethered cable, available in both Type 1 and Type 2
- Fast charging at 32A/ 7.4kW (about 25 miles an hour)
- Includes RCD (Type A and 6mA DC)
- 3G/4G connectivity for easy setup

Simple. Intelligent. Genius.
